

## RoboJackets

We are a group of students who with the help of faculty and alumni put theory into reality. We accomplish this through both team projects and independent research endeavors. We are always looking for new members from every major. At present, our members are comprised of ME, AE, Physics, CS, EE, CompE, and Management majors. So, feel free to drop in and find out more about what's going on.

### Intro / Info Meeting:
